Ahmed Mohamed El-Sayed

Alexandria, Egypt

01102645949 | ahmedelsayed6179@gmail.com

Objective

My objective is to grow as a Full Stack Developer by enhancing my skills in both frontend and backend technologies, contributing to impactful projects, and continuously learning to adapt to the evolving tech landscape. I aim to collaborate with talented teams, take on challenging problems, and deliver high-quality digital solutions.

Experience

- **Collaborative Experience & Growth**   -
  I have gained valuable experience working with international clients as a freelancer, collaborating on real-world projects and understanding diverse workflows. This experience has strengthened my communication, problem-solving, and adaptability skills. I am eager to further expand my expertise and contribute to more challenging projects while continuously learning and growing as a developer.

Education

- **Faculty Of Arts - Alexandria University**   2025
  Bachelor's degree in Sociology
